

To Thomas A. Gozman

DEAR MR. GOZMAN

It was very nice to have a good conversation again with the man who changed my life. Thank you for the wonderful job you did in representing me in my case. When my case was given to you, I really didn't know what to expect, I was a little bit worry. I was thinking that you maybe just like those other lawyers. But after seeing you in action, I knew that I was wrong. I was very impressed with the way you handle yourself in the court room. It was like watching one those good law an order shows. you were like a fire ball showing no fear of the prosecutor like some lawyers do, you knew when to attack and how to attack, it all seemed unreal but it was real. I became very confident in you and that I was in good hands with no worry. you are not just one of the best lawyer, you are the best! you are a very good person and a hell of a lawyer

Thank you for the life changing  
EXPERIENCE.
